

Dear Boston area educators,

I am writing to encourage your students to apply to MIT PRIMES (Program for Research In Mathematics, Engineering, and Science; <http://math.mit.edu/research/highschool/primes>), a free year-long afterschool research program for high school students from Greater Boston. Program participants come weekly to the MIT campus to work with their mentors, MIT graduate students, on exciting unsolved problems in mathematics, computer science, and computational biology. The deadline for PRIMES is December 1, 2016.

PRIMES students have won multiple awards at national science competitions and prestigious scholarships, and have authored many research papers submitted to or already published by academic journals. See

- List of PRIMES alums (more than a half enter MIT):  
<http://math.mit.edu/research/highschool/primes/alumni.php>
- Report about PRIMES on the MIT News website:  
<http://web.mit.edu/newsoffice/2011/primes-research.html>
- Article about PRIMES in the Notices of the American Mathematical Society:  
<http://www.ams.org/notices/201508/rnoti-p910.pdf>
- PRIMES Honors and Awards page: <http://math.mit.edu/research/highschool/primes/honors.php>
- Testimonials from PRIMES students and parents:  
<http://math.mit.edu/research/highschool/primes/testimonials/index.php>

Your students are most welcome to apply to PRIMES!

Thank you so much for your help.

Sincerely,

Slava Gerovitch, PhD

Program Director
